TO WHOM IT MAY CONCERN

Langham Park Developments are very happy to provide a company reference for Three Sixty Project Management Limited.

Langham Park Developments is a professional, customer focused, cost effective and innovate commercial property development company. We specialise in office and industrial development throughout the East Midlands. The company was established in 2005 and our aim is to offer a top quality personal service, keeping our costs to a minimum whilst ensuring that standards remain at the highest level. With this in mind, we enlisted the expertise of Three Sixty Management Project Management Limited who has provided an excellent service throughout all the various project builds. Our point of contact has been Phil Burrell who has always kept us fully updated of progress and has ensured that any questions are efficiently and promptly dealt with. I would have no hesitation in recommending this company and intend to use their services again in the future.

If you would like any more information, I would be very happy to discuss the matter further.

Yours faithfully,

P M WRIGLEY
Langham Park Developments
