TO WHOM IT MAY CONCERN

PMW Property Developments are pleased to be able to provide a company reference for Three Sixty Project Management Limited.

PMW Property Developments are commercial property developers specialising in industrial and commercial development as well as some residential interests. We have been in business now for over twenty years and have engaged the services of Three Sixty Project Management Limited to assist in the development and refurbishment of various sites. We have found the company to be extremely efficient and very thorough in their approach, always keeping us advised and up to date with progress on site. We would be more than happy to engage their services again in the future.

I trust the above is satisfactory for your requirements, however, I would be more than happy to discuss any aspect of the above should you require any further information.
